

Achieving the maximum number of exemptions that can be awarded by a reputable international professional body is truly something to be proud of!

Being the only Private Institution of Higher Education in Cyprus to be awarded these exemptions, makes this achievement even greater!

This makes P.A. College, once again, a pioneer and a leader among its peers!

P.A. College students, who successfully complete the Business Administration degree programme with specialisation in Accounting and Finance, are exempted from eight papers required towards the Chartered Accountant (ACA) title of the ICAEW UK (Institute of Chartered Accountants of England and Wales). It should be noted that eight is the maximum number of exemptions that any tertiary educational Institution worldwide can be awarded as Credit for Prior Learning.

P.A. College: Academic and Professional excellence!

P.A. College:
the only tertiary
educational Institution
in Cyprus **with**
8 exemptions towards
the professional title of
Chartered Accountant (ACA)

**outstanding
achievement!**
